

Harris & Harris, Impact Healthcare Services, and Metropolitan Chicago Healthcare Council Create Strategic Relationship

Arnie Harris, President and CEO of Harris & Harris, Ltd., and Carl Pellettieri, Principal of Impact Healthcare Services, a collaboration with the Metropolitan Chicago Healthcare Council (MCHC), are pleased to announce a strategic and consulting partnership offering best-in-class revenue solutions for the health care industry. "We are now able to bring together the best that Harris & Harris, Impact, and MCHC can offer to the Chicagoland health care marketplace," says Arnie Harris. In addition to representing many of Chicagoland's top health care providers, Harris & Harris also represents numerous providers throughout the country.

MCHC is a membership and service association comprising more than 170 hospitals and health care organizations working together, since 1935, to improve the delivery of health care services in the Chicago area. The Council's Institutional members include all 89 acute care hospitals located in the eight-county metropolitan Chicago region. Associate members include hospitals and other health care providers in the tri-state area.

Impact Healthcare Services was formed as a joint venture with MCHC and Carl Pellettieri. Impact provides customized revenue cycle services and technology solutions. With Carl's extensive career in the health care industry, he brings a tremendous amount of experience to the table. Impact and MCHC's collaborative approach offers widespread services and solutions to their members. With the broad range of services, a tailored approach is used to achieve the best solutions to leverage an organization's future success.

Harris & Harris, strongly rooted in Chicago, started in 1968 collecting physician debt, and has turned into a nationwide collection firm representing hundreds of hospitals and their physician practices in Chicago and around the country. Harris & Harris is jointly owned by brothers Arnie and Dave Harris, who guide the 400+ employee company with the goal of obtaining the highest level of recoveries while preserving the goodwill of your patients.

This partnership has brought together three strong, diverse companies who have the ability to make an immense impact in the health care world. With more than 125 years of combined experience between Harris & Harris, Impact, and MCHC, the expertise and understanding that can be applied to any health care system is unlimited. We are all thrilled about this opportunity to leverage our resources to best fit the needs of hospital and health systems in the Chicago metropolitan area.

"We are now able to bring together the best that Harris & Harris, Impact, and MCHC can offer to the Chicagoland healthcare marketplace."

- Arnie Harris, President & CEO, Harris & Harris
