

Harris & Harris Expands its Presence in Children's Hospitals!

April, 2014

Harris & Harris has been involved in revenue recovery in the healthcare industry for 46 years. The industry continues to expand between physician groups, stand-alone hospitals, health systems, university-based hospitals, and children's hospitals, while the list goes on. Children's hospitals are seen as some of the most prestigious hospitals in the country. The cutting edge research that takes place at these hospitals is remarkable!

The approach to collecting a patient's debt is one to be handled with care, particularly within the Children's Hospitals. Harris & Harris employees are known for their kindness while approaching outstanding collections of a patient.

The expansion of our collection programs into Children's Hospitals that Harris & Harris represents ranges up and down the East coast, through the Midwest and South. While Harris & Harris expands into different states throughout the country, they take great pride in representing these hospitals.

One of the many great things about representing clients in states all over the country is being able to donate to charities that match with our clients' values in their respective locations. Harris & Harris recently made a donation to "Sunshine on a Ranney Day", that helps children with long-term illnesses. Harris & Harris supports many charities and foundations that support the growth, education and lives of children across the country.

Harris & Harris is very excited about their expansion into some of the top Children's Hospitals, and looks forward to representing many more throughout the country as time goes on!

About Harris & Harris, Ltd.
